

Aberdeen, 27th June 2019

RIGOCAL Engineering is pleased to announce that it is now registered with Achilles First Point Assessment Ltd (FPAL), the supplier pre-qualification system for the Oil & Gas sector. Becoming a registered member of FPAL demonstrates RIGOCAL Engineering's commitment to quality and high levels of service with continual improvement against the latest industry best practice. Achilles FPAL registration is awarded after a rigorous pre-qualification process.

RIGOCAL Engineering has a solid track record of providing high quality surveying services for technically challenging projects. Our FPAL registration further enables RIGOCAL Engineering to provide our services to the Oil & Gas Sector.

RIGOCAL Engineering can be found on FPAL as supplier number [10056111](#).
